THE OAKS

HIGH FLIGHT

Oh! I have slipped the surly bonds of Earth
And danced the skies on laughter-silvered wings;
Sunward I've climbed, and joined the tumbling mirth
Of sun-split clouds—and done a hundred things
You have not dreamed of—wheeled and soared and swung
High in the sunlit silence. Hov'ring there,
I've chased the shouting wind along, and flung
My eager craft through footless halls of air...

Up, up the long, delirious, burning blue
I've topped the wind-swept heights with easy grace,
Where never lark, or even eagle flew--
And, while with silent, lifting mind I've trod
The high untrespassed sanctity of space,
Put out my hand and touched the face of God.

ROYALTY REIGNS FRIDAY NIGHT

Who Will Be The Queen?

Sherry Heinakowski, Donna Lee, Sandy Minott, Pat Gaunt

Klassen Head Of Senior Class

By Patsy Meisch

The Senior Class of '65 got off to a flying start by electing its class officers. They are Dale Klassen, president; George Lafkas, vice-president; Loren Reynolds, secretary; and Robbie McCaleb, treasurer. Dale served as president of the Junior Class last year, and currently holds the title of 2nd vice-president of regions 9-13.

The first objective for the Seniors was to put on the pep assembly for our first home game against Grand Rapids Catholic Central. The assembly went over quite well with the student body, to help promote spirit for the game and anxiety to attend the first big dance of the year after the game.

Other projects in the near future include choosing someone for the traditional Oaks dedication, and money raising projects to boost the treasury. The Senior class is under the sponsorship of Mrs. Eloise Henton, Mr. H. Donn Westman, and Mr. Lawrence Schaefer.

Ken Budnik Makes National Merit

Randy Senf and Michal Battige Among Top Two Percent

By Joan Shaffer

Kenneth Budnik, a senior this year, has acquired one of the highest academic honors which can come to a high school student. He has been named, according to Mrs. Florence Murray, counselor, one of the semi-finalists in the National Merit Scholarship program.

To achieve this honor a student must place in the top one percent of the students in the U.S., totalling 806,991 entries from all parts of the nation.

Ken lives at 2625 Sixth Street, in Muskegon Heights, and is currently exploring the colleges of his choice. He would like, some day, to earn a doctor's degree in engineering, working with computers. His work requires seven years of college. At present, the University of Michigan is Ken's choice, but not definitely yet, he says.

Senf and Battige Commended

Randy Senf and a former MHHS student, Michal Battige, (who moved to Muskegon) were placed in the top two percent of the merit winners and are therefore in the Commended Group.

Poland, Kimble '65 Editor Oaks

By Joan Shaffer

It's that time again. You know — from September to June. Of course! It's once again time to start the Oaks of 1965 rolling. Failure of the year-book is impossible under the leadership of Anita Kimble and Rosemary Poland as editors.

"Flight" has been chosen as the theme with white as the color. Also, Rose and Anita are already concerning themselves about the foreword.

Standing firmly behind Anita and Rose are the department heads, of which some of the more important are: Seniors, Patsy Meisch, and Delores Zarimba; Faculty, Ann Beard and Evelyn Frierson; Activities, Pam Pressler and Donna Lee; and Undergrads, Terri Holwerda and Sandra Minott.

Also, very important are the Oaks' photographers, Loren Reynolds and Sally Webster. At anytime one may see the flash of a bulb and can be sure Loren and Sally are doing their jobs — and doing it well.

Our chief typist Judy Cox with Joella Bartels, Terri Holwerda, and Betty Clark assisting, have an important job to all publications for the Acorn, Chronicle and Oaks. These girls have a big job this year, as the editors plan to keep them very busy.

As the Oaks progresses, more bulletins will be posted.

Russ Heads Council

By Delores Zarimba

Elected last spring to serve as President of our Student Council was Ray Russ. Ray has been active in our school in such organizations as Latin Club, H-Y, treasurer of his junior class, and he is on our debate team.

Ray is proving his ability as a leader by calling for ideas to raise more money for the treasury. Elected also to serve on the executive board of Student Council was Richard Baldwin, vice-president; Donna Lee, secretary; and Edgar Watson, treasurer.

Miss Jane Schroeder is the advisor for the Student Council.

Huge Crowd Expected Here For Homecoming

By Delores Zarimba

Homecoming for 1964 has just about arrived! Friday night we will know who will reign as Queen and King of M.H.S. for the coming school year.

Each year Student Council sponsors the Homecoming and this year it is under the chairmanship of Alchar! Baldwin. His Co-Chairman is Delores Zarimba. Plans were begun a month ago in preparation for a truly unique Homecoming.

The candidates vying for Queen are Pat Gaunt, Sherrie Heinakowski, Donna Lee, and Sandy Minott. Can-

didates for King are: Bill Jarvi, Dale Klassen, George Lafkas, and Peter McLemore.

The student body voted today for the candidate of their choice in their homeroom. The names of the Queen and King will be announced at the halftime ceremony Friday in our game against Grand Haven. The Tiger marching band and the Tigerettes will perform during halftime.

The eight senior girls selected to be Arbor girls are Loren Reynolds, Anita Kimble, Sandy Sharum, Diane Povistak, Delores Zarimba, Terill

Wilson, Susan Bartels, and Judy Thoma.

Each year dozens of "old timers" somehow manage to return to the "scenes of their crimes" and take part in all the fun with the rest of us, in this Annual Homecoming celebration. Always colorful, despite whatever the Weatherman brings along, the Homecoming Game is special in the minds and hearts of students, alumni, and friends. You will not want to miss it.

MHHS Hosts To Regions 9, 13 Convention

By Delores Zarimba

Muskegon Heights High School hosted the Regions 9-13 fall convention last Saturday. Dale Klassen, a senior here at Heights, is the Regions 9-13 council's second vice-president and was chairman for this convention.

Two hundred forty students plus forty advisors representing sixty schools from the lower western Michigan area attended the convention.

Mr. Kruizenga Speaks

Mr. H. A. Kruizenga was the main speaker. In his speech entitled, "Call To Leadership," Mr. Kruizenga expressed that to be a leader we should not always conform to the various compromises made in the world. He listed the main requirements for leadership as: a good education, an interest in our fellow man, and a belief and faith in God.

The theme for the convention was: Student Council — Democracy's Workshop In The School. Decorations representing democracy accented with fall colors greeted the delegates.

To help Dale plan this convention were the following committee chairmen: George Lafkas — workshops; Rosemary Poland — registrations; Diane Raddatz — art and decorations; Sherrie Heinakowski — lunch; Robbie McCaleb — packets; and Pam Pressler — hospitality.

The officers for Regions 9-13 are: President — Jim Fisher from Mona Shores High School; first vice-president — Sue Curnick from Holland High School; second vice-president — Dale Klassen from Heights High School; third vice-president — Janet De Horn from Muskegon High School; recording secretary — Julie Herrick from North Muskegon High School; corresponding secretary — Jim Hradsky from Mona Shores High School; treasurer — Sam Bird from Belding High School; and consultant — Jeff Rosen from Muskegon High School.

Miss Jane Schroeder is the local Student Council advisor at Heights High.

Who Will Be The King?

Pete McLemore, George Lafkas, Dale Klassen, Bill Jarvi

Fisher Body Company Offers Model Awards

Visiting Muskegon Heights High School recently was Mr. Jack Ewalt who presented the 1965 Fisher Body Craftsman's Guild school assembly program.

The program, which was extremely well received, consisted of a futuristic slide film and a color movie, as well as a stage demonstration. Also shown were some of the scholarship winning entries from the 1964 Craftsman's Guild Model car competition.

Mr. Ewalt explained how every boy of school age has an opportunity to compete for \$117,000 in university scholarships and cash awards.

Boys not present at the assembly may enroll by writing to: Fisher Body Craftsman's Guild, Warren, Michigan, for more information.

Students Tell of Their Many Woes to our Ann Blanders

By Ann Beard

Dear Ann,

I have a problem, my boyfriend is in love with his car more than he is in love with me. He would rather put rings in his car than around my finger. What should I do? Give him up? or be second best to his car?

Vee Eight

Dear Vee Eight,

Honey, I believe you had better check out. Any time a Jack would give his car a ring instead of his girl, well, he's ready for the home for the retarded. And as for being second best! Honey, don't you take the back seat to anyone, not even a V-8!

Dear Ann,

I have the biggest problem, my boyfriend is a big flirt! I love him very much and he says he loves me, but how can I be sure if he's always paying attention to all the other girls.

Worried

Dear Worried,

This love stuff is for the birds. Girl, wise up. Show the fool two can play the same game. You be a flirt, too, and just see how fast he'll come back home.

Dear Ann,

I am in love with one of my teachers and he is flunking me. I am beginning to dislike him, but I don't want to. What should I do?

Teacher's Pet

Dear Teacher's Pet,

You've got two choices; either sit in class and dazzle this man and make him fall in love with you, (or) study up, because when everyone has graduated, you will be sitting in that chair all by your lonesome.

Dear Ann Blanders,

I have a problem. My boyfriend is going steady with another girl. I've been trying to wait patiently for him, but there's this other boy who is making me change my mind, in the mean time. Help! Should I wait for the first one or go for the second one.

Mixed-Up

Dear Mixed-Up,

You were a fool for waiting in the first place. Honey, but since you got the break, hurry up and take it. Why wait for someone who only comes when he's ready. Paint the town colors with your new fellow and then watch the reactions. Remember: His loss is your gain.

Canary Project Starts Again

By Delores Zarimba

This year Muskegon Heights High School is again participating in the Canary Project.

Mrs. Murray is the person in charge of this project at our school, although Mrs. June Schmelzer, R.N. is the Clinical Instructor of this project from the hospital.

This program is helpful to students interested in hospital work.

This project is also open to boys who are interested in hospital work. As yet, no name has been selected for the boys and Mrs. Schmelzer R.N. is open to suggestions.

The students work at the hospital two days a week; two hours a day, for five weeks.

The students participating in this program this year are: Theresa Bohn, Sandra Carlson, Lois Ebare, Margaret Jones, Jean Miller, Cindi Mohr, Patricia Smith, and Ken Vallie.

Twenty-eight M.H. in Exchange Day

By Delores Zarimba

On Monday, November 9, you probably noticed a number of "new" faces. On this day Muskegon Heights participated in the area Student Exchange Day.

This day was sponsored by the Inter-school Student Council. The purpose of this program is to have better relations between the schools and to have the students become better acquainted with each other. There were twenty-eight students from Heights who participated. Fourteen of them went in pairs to the seven area schools and fourteen of them acted as guides for those students who came to the Heights.

The chairmen for this program were George Lafkas and Pam Pressler.

\$1,000 College Photo Contest

New York — Press Release — The 1965 Scholastic Photography Awards program for junior and senior high school students has been announced by the sponsors, Scholastic Magazines, Inc., and Eastman Kodak Company. The program, now in its 38th year, has been placed on the Approved List of National Contests and Activities for 1964-65 by the National Association of Secondary School Principals.

For the first time in the history of the program, a \$1,000 college scholarship grant will be awarded to a high school senior demonstrating a combination of outstanding photographic ability and high academic standing and promise. Judging will be based on a portfolio of twelve examples of the student's best photographic work.

All students may enter black-and-white prints, color prints, and color transparencies. In addition to the scholarship grant, 263 awards totaling \$3,675 will be awarded for the best work in both black-and-white and color classifications.

Cheerleaders Have New Look

By Rosemary Poland

Your cheerleaders will look so different that you won't even recognize them! The M.H.S. varsity cheerleaders are getting new uniforms. The uniforms will consist of orange pleated skirts with white inserts in the pleats and orange vests. The girls had car washes this summer to pay for their uniforms. There'll be a new look in the cheerleaders, so let's see a "new look" in cheering by our students. Let's have some more spirit for our Tiger team.

A hunter climbed into a tree so nobody would take him for a deer. It worked, too—he was shot by mistake for a bear.

This Is Your Life

By Loren Reynolds

One of the most popular English teachers here at Heights, Mr. Chester Zbojnowicz, is the Journalism staff's November choice for this column.

Born June 17, 1936, Mr. Zbojnowicz has spent most of his life here in Muskegon. He graduated from Catholic Central High School and then attended Muskegon County Community College, but left after a year to go to work. Three years later he returned to college and was graduated from Western Michigan University from Western Michigan University.

That same year he married Marjorie McElfish and the Zbojnowiczes now have three children: David, Yvonne, and Lynne.

Mr. Zbojnowicz spends his leisure time bowling, "hacking" on the golf course, and sometimes just plain loafing around.

We the Journalism class are proud to recognize you, Mr. Zbojnowicz, as a teacher we much admire.

Food Basket

By Delores Zarimba

Six families in the Muskegon area will again be presented with a Thanksgiving food basket from the School.

This year this project was headed by Loren Reynolds and Bob O'Brien students of Muskegon Heights High under the direction of the Student Council.

We Thank You, Mr. Murray . . .

by Sandy Minott

We, the journalism class of M.H.S., have reserved this space in the Acorn in order to thank a man whose knowledge, skill, and help have made this issue and hundreds more before it, possible. We thank you, Mr. William Edmond Murray. Here are a few of the vital statistics we'd like you to know about him.

He was born in Detroit, Michigan, to Mr. and Mrs. Robert Murray. Most of his childhood was spent, however, in Bay City, Michigan. His father died when he was four, so his mother returned to her home town to renew her teaching position in the Elementary Grades in Bay City.

Mr. Murray attended Bay City Central High School where he was a member of National Honor Society, Student Council, Dramatics, and was Secretary of his senior class. He received his A.B. Degree in Journalism from the U. of M., College of Literature, Science, and Arts and also from the U. of M., his M.A. Degree in English Literature.

Truly a "working man," he has been a reporter for the Bay City Times, the Grand Rapids Herald, and Muskegon Heights Record.

At M.H.S., he has been a teacher of English and Journalism; Chairman of the English Department since 1954.

He has been an advisor of the Oaks, Acorn, and the Heights "news" for the Chronicle school page since 1930. Former President of Muskegon Heights Teachers Club, and member of N.E.A., M.E.A., he has acted as chairman of numerous Journalism and English meetings.

He was a recipient of the Golden Key Award for Superior Service in Scholastic Journalism given by the Michigan Interscholastic Press Association, Dept. of Journalism, U. of M. in May of 1963.

He is a member of the Temple Methodist Church and many years a member and treasurer of the Board of Trustees. He is also a member of the U. of M. Alumni Club.

Mr. Murray is also a family man. He is married to the former Florence Billings, who is presently a counselor at M.H.S. Mrs. Murray is a graduate of Northern Michigan University, where she got her B.S. Degree; majored in Physical Education, and minored in English.

They have two sons who are both fine examples of his devotion and love for his family. His oldest, Douglas R. Murray, M.D., graduated from M.H.S. in 1952, and from the U. of M. Medical School in 1959. Presently he is Chief of Surgery, Little Rock Air Force Base Jacksonville, Arkansas; married, one daughter, Ann Elizabeth, born April 1, 1964. (Congratulations to the proud grand-parents).

Gordon F. Murray, M.D., a 1956 graduate of M.H.S. and a 1963 Cum Laude graduate of the U. of M. Medical School. He is presently in his first year as Resident Surgeon at the John Hopkins Hospital, Baltimore, Maryland. He, too, is married. Remarkably enough, both boys were awarded the Best Citizenship Award upon graduation from Heights High. Both were Tiger athletes.

Mr. Murray has reason to have great pride, for a number of his former students have utilized their journalism by becoming College Correspondence Editors; Reporters and Editors on newspapers, magazines, and journals—some in foreign countries; year book advisors, as Mr. Ken Drake from Edward Brothers; teachers of English and Journalism; and successful college students.

A believer of individual quiet excellence, one of his favorite quotations is James Barrie's, "One of life's greatest pleasures lies in taking pains."

As this article was written without Mr. Murray's knowledge we can only hope that the feelings of appreciation and admiration we have for him, will somehow get through to him.

Tigerettes Add Big Attraction

By Donna Lee

Orange and black pom-poms again decorate the front of the Muskegon Heights Tiger Marching Band. The pom-pom girls, a recent added addition to the band, add the necessary "sugar and spice" to Muskegon Heights grid games.

Dressed in orange and black military type uniforms for pre-game shows, the girls help start off the game with a "bang". With the Tigerettes changing into silver and black fringed uniforms for half-time spectators, the band becomes a sure-fire attraction for all football fans.

Making up the rank of "Tigerettes" are Lonnie Galbreath, Judy Stewart, Sharon Hittle, Valeria Faltinowski, Joan Shaffer and Donna Lee, captain. The alternate is Nanci Pickett.

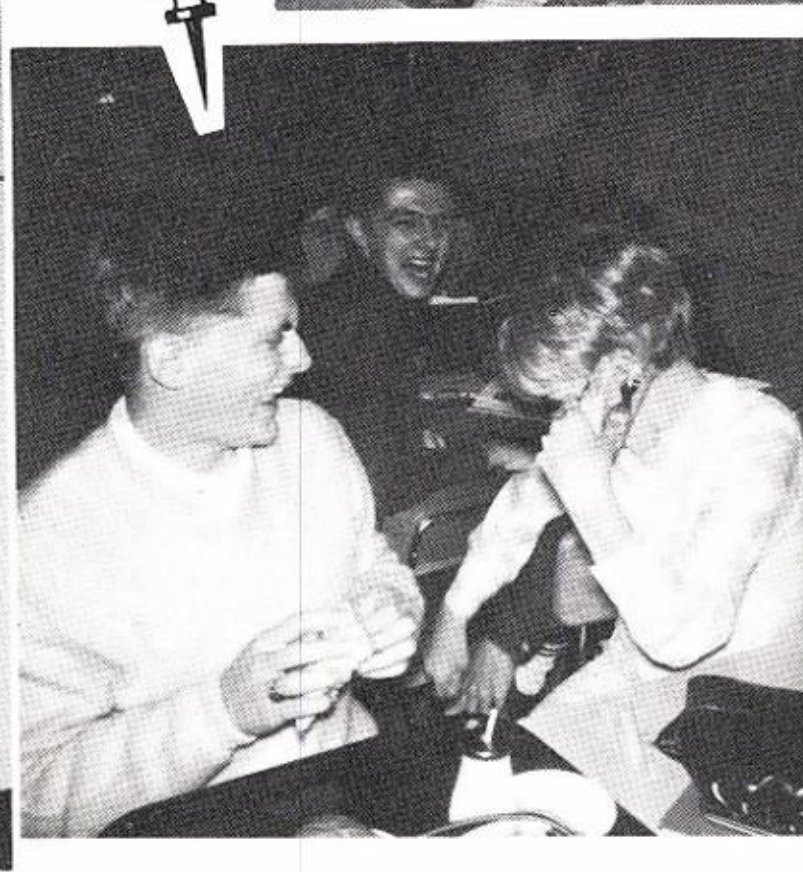

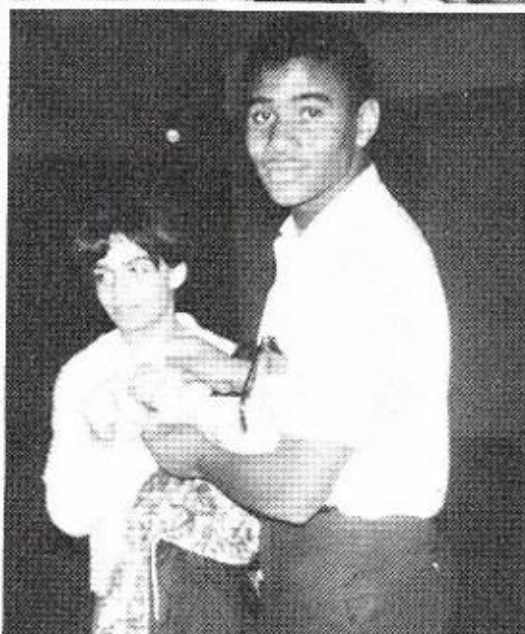

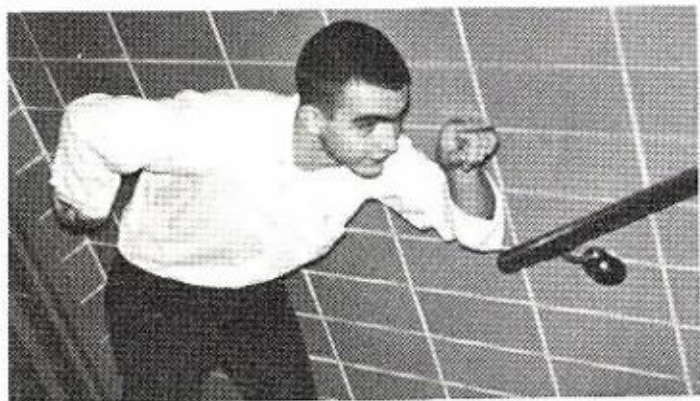

The girls accompanied the band to Benton Harbor to entertain during M.H.S. recent football excursion there. They also march in parades, the next one being the one on Nov. 11 for the Veteran's Day parade.

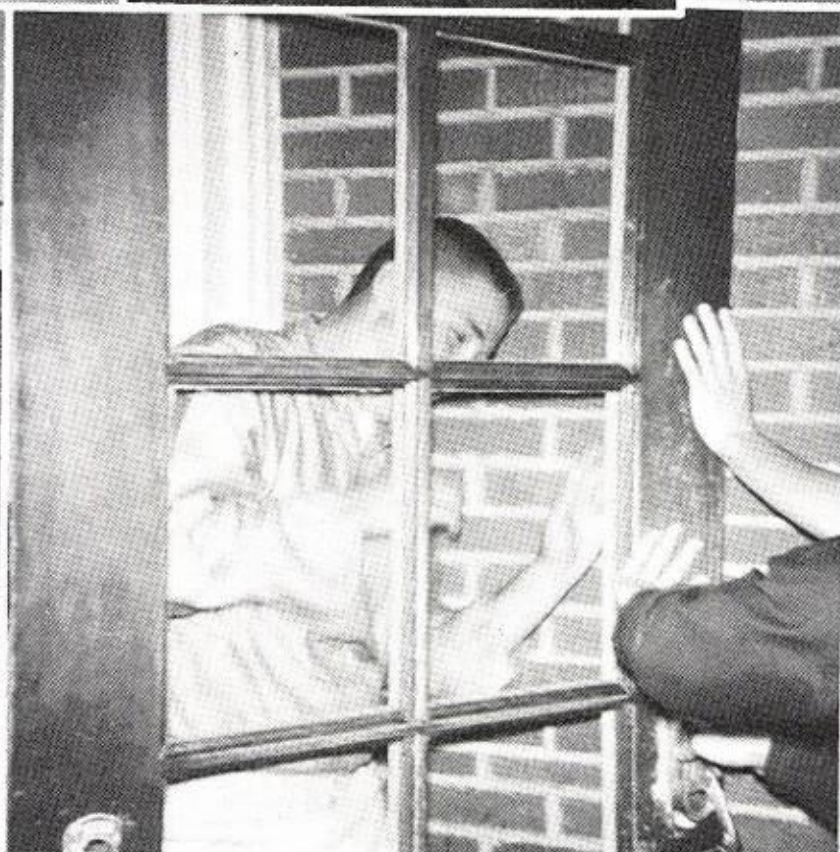

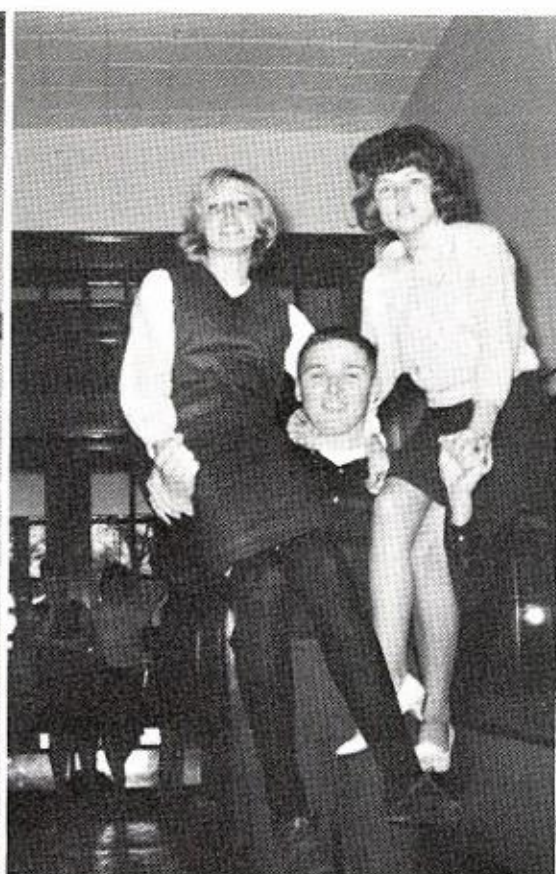

The girls are under the direction of Mrs. Carolyn Hoover. The band is under the direction of Mr. Gene Markelevits and Mr. Roy McPhearson, assistant director.

Cowhand. Aren't you putting your saddle on backwards, sir?

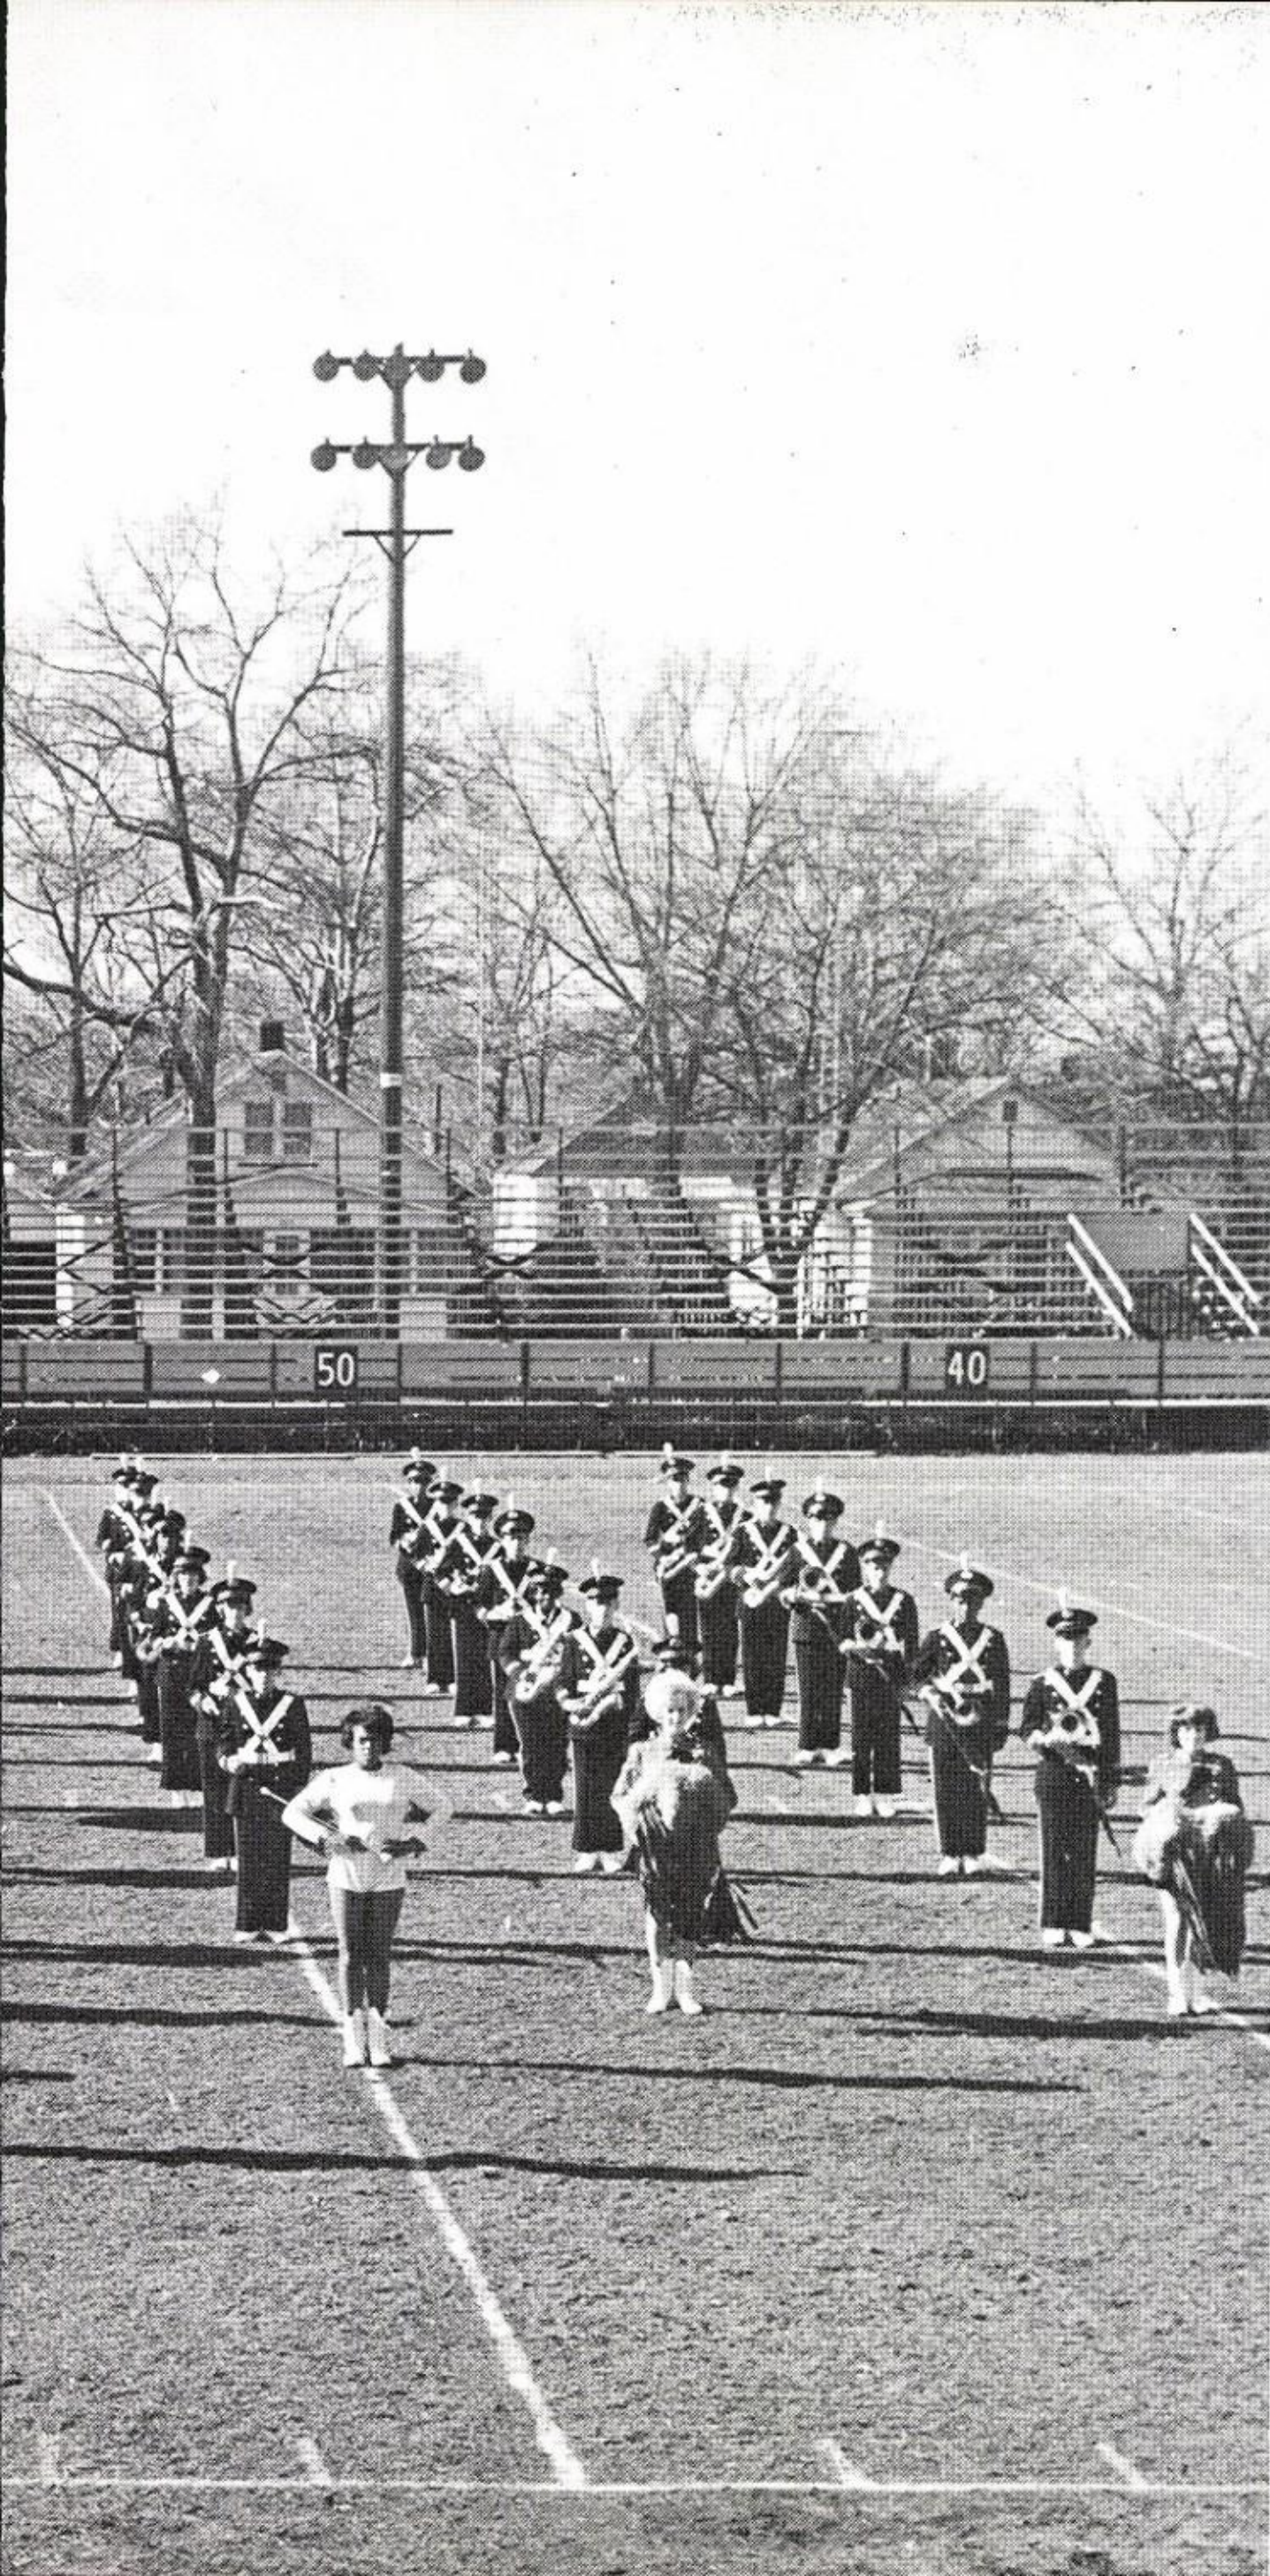

Dude: That's all you know about it, smarty. You don't even know which way I'm going.

A waitress asked me what I wanted.
"I felt like a sandwich," I said.
"Just give me your order. Don't blame me if the place is crowded."

On October 23, one of the most gala evenings of the year was held: Homecoming!

This year's Homecoming found Sandra Minott and Peter McLemore our royal couple. Members of their court included: Pat Gaunt and Al Heneveld; Sherry Heinakoski and Ted Williams; Donna Lee and Mike Mangino; Bill Jarvi and Diane Raddatz; Dale Klassen and Connie Thompson; and George Lafkas and Joan Shaffer. The Queen and King were escorted by Doug Brown and Almerth Walker, respectively. The royal couple was crowned by Mr. and Mrs. Oscar "Okie" Johnson. Mr. Johnson was a former coach at Heights. The Senior Arbor girls were: Loren Reynolds, Anita Kimble, Sandra Sharum, Diane Posvistak, Delores Zarimba, Terrill Wilson, Susan Bartels, and Judy Thoma. The Band, under the direction of Mr. Gene Marklevits, provided the background music for the procession.

This year something new was tried at Homecoming. A reception followed the game, in the cafeteria, instead of the usual dance. Anita Kimble was in charge of this reception.

The Student Council, under the advice of Miss Schroeder, sponsored the Homecoming. This years chairmen were Delores Zarimba and Richard Baldwin.

Our Heights High Football Team has really given the students of this school something to be proud of this year. It's not because they won all their games, because they didn't. But more important than scores is the drive, ambition, ability, and will to win that the boys had.

Our boys wouldn't let anything discourage them, they had bad breaks, heartbreaking games like Catholic, Benton Harbor and Muskegon, minor injuries, loss of players, but they didn't let this dampen their spirits.

Every student in this school should have a great deal of pride in our team and be proud of their comeback and many achievements.

Tied 2nd place in Muskegon		

Mr. Sydnor, Former Coach, Deserves a Big Hand!

"No, I won't be able to coach tennis this year due to pressing obligations in administration duties here at Junior High," stated Mr. John Sydnor, former tennis coach of M.H.H.S.

In reply to many questions, Mr. Sydnor responded anxiously as he would if he were still tennis coach.

"I'd like to coach again," commented Mr. Sydnor, "because the present group of players are some of the finest boys, ability-wise, that I have coached since being at Muskegon Heights High. They are fiercely competitive and at all times reflect credit on MHHS."

Roger Lance should be one of the finest competitors in area tennis in the new spring year. He has practiced continuously and arduously during the summer months with some of the finest tennis players in the local area. Other boys such as Robbie McCaleb, Al Dumont, and George Lafkas should provide the team with a well balanced attack.

The team would like nothing better than a first in the Greater Muskegon Tournament (tied with Mona Shores for second place in the spring of 1964), and to make a respectable showing in conference and regional play.

Girls

Athletics

This year Miss Cobb, the girls physical education teacher, has developed a well-rounded schedule to meet the demands and interests of any girls participating in physical education.

The schedule consists of seasonal sports, individual sports, girls' exercise classes, dancing classes, a general class for sophomores, and a new class this year, gymnastics.

In gymnastics the girls work on the uneven bars, the trampoline, the balancing beam, and also do tumbling, vaulting, and free exercise.

Besides the regular gym classes, Miss Cobb provides the girls with intramural basketball, volleyball (which produced a winning team), and track.

Muskegon Heights participates in a three-way track meet with Orchard View and Mona Shores. Last year the girls won a trophy. If they can win it two more years in a row, the trophy will remain at Heights forever!

Last Row: Pat Jackson, Jean Williams, Joyce Warren

Front Row: Pauline Day, Anna Rufus, Ester Elijah.

BEST WISHES FOR SUCCESS TO THE 1965 GRADUATES CONSOLIDATED GAS COMPANY

Man's progress is measured by his ability to substitute machinery for his own muscles.

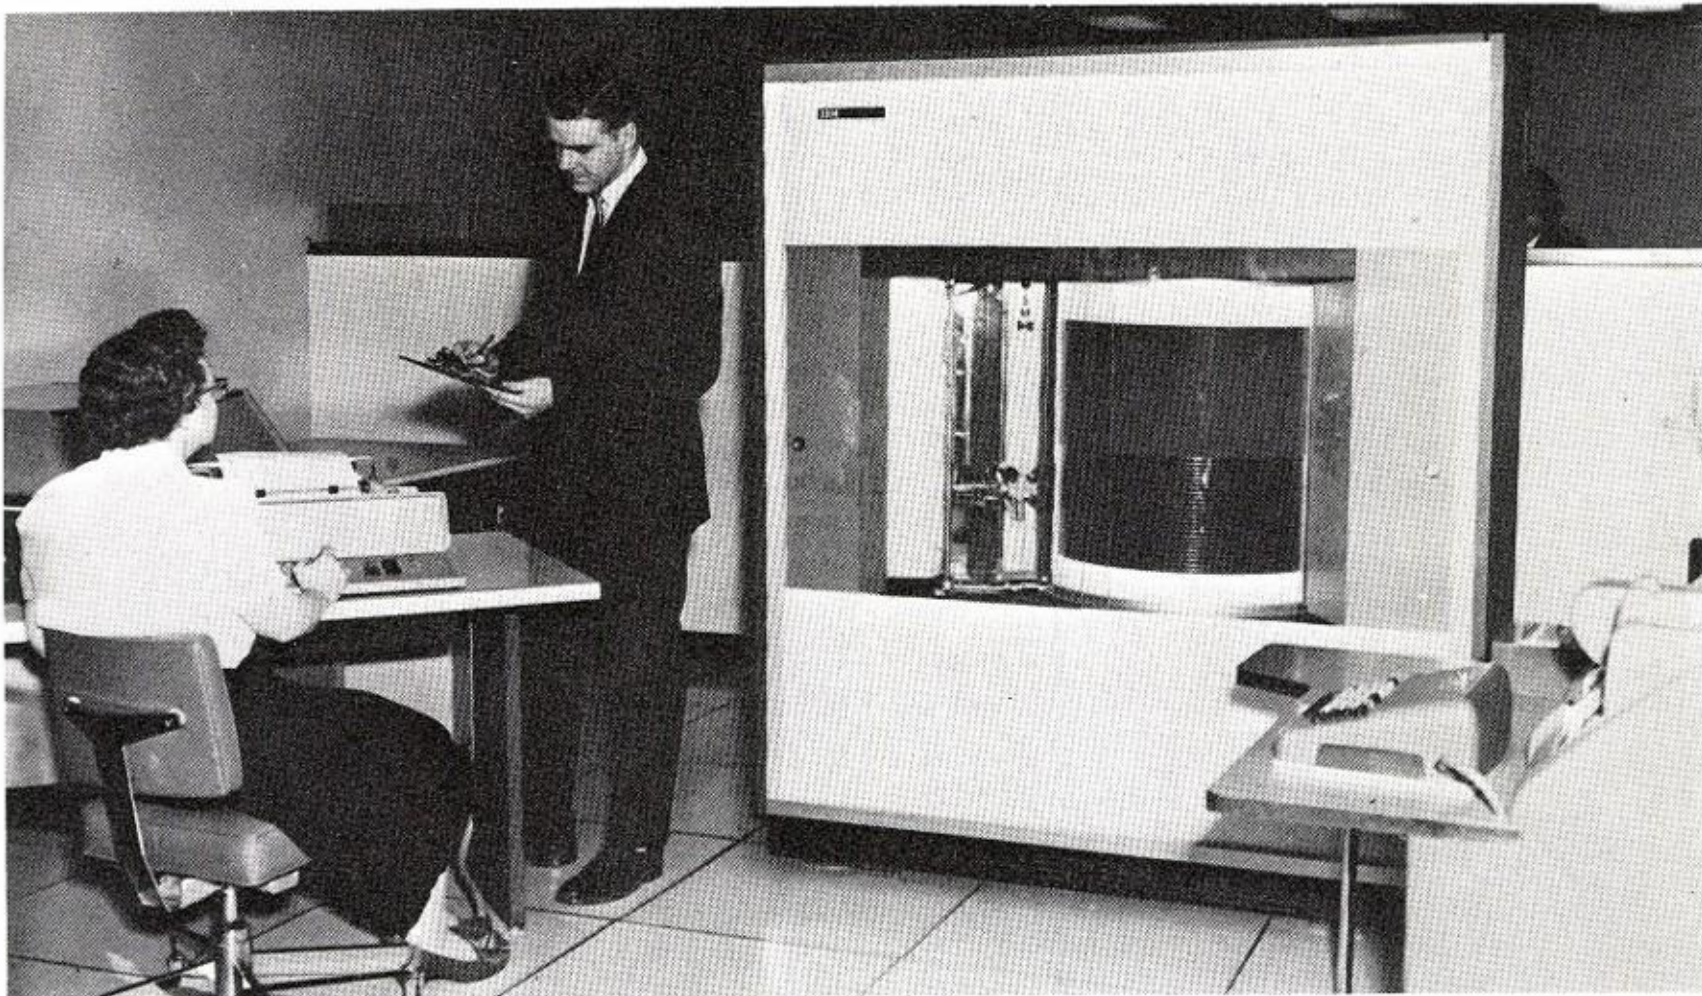

Today our progress potential is almost infinite. Its only limit will be the capacity of our young people to forge new and better ways to do the world's work. Congratulations on your graduation, the first major step toward this goal.

MANNING, MAXWELL & MOORE

A DIVISION OF **DRESSER** INDUSTRIES, INC.

Shown in the picture are Leatrice Brydges and Paul Flickema who are area high school graduates.

Pictured above is Sealed Power's new electronic computer. This new installation uses a memory disc that can retain millions of characters of information, data for inventory, production control, prices, wage rates, customer discounts and employee records. All of this information is easily accessible in millionths of a second.

This installation is accurate and saves work. Sealed Power is continually improving its facilities through the introduction of labor-saving equipment like this. It is only through this process of improvement that Sealed Power has managed to succeed and furnish more and more jobs. Yes, there are job challenges at Sealed Power; however, it takes more training and education than ever before to qualify.

We encourage each of you to take advantage of your training opportunities. In this regard, we congratulate the Class of 1965 in reaching a milestone in that continuing lifetime process of education.

English

In clerical work, in dentistry, in factories, in a grocery store, in college, in politics, in almost every phase of life a good basic English background is essential. M.H.H.S. has to offer the basic English grammar and literature classes giving a good understanding of theme writing, vocabulary, spelling, reading improvement, and good literature.

Languages

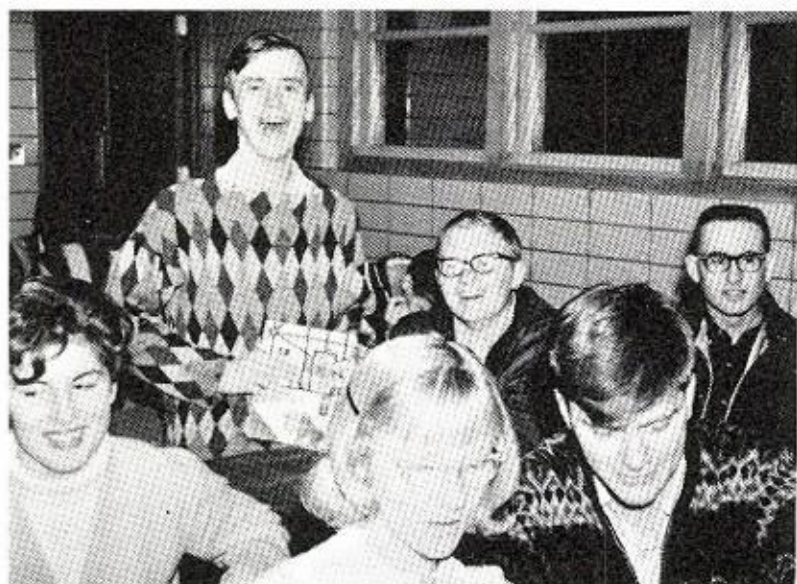

Also, for the students expressing an interest and ability in speaking after completing their required semester of public speaking, are the debate and forensics classes. In almost the direct opposite direction of speaking is the writing of the journalism class which directs the editing of the Acorn, Oaks, and articles for the Chronicle.

Lastly, but of no less value in the English department, is the all-important library with its racks and stacks of knowledge for "every" course of study.

Mathematics

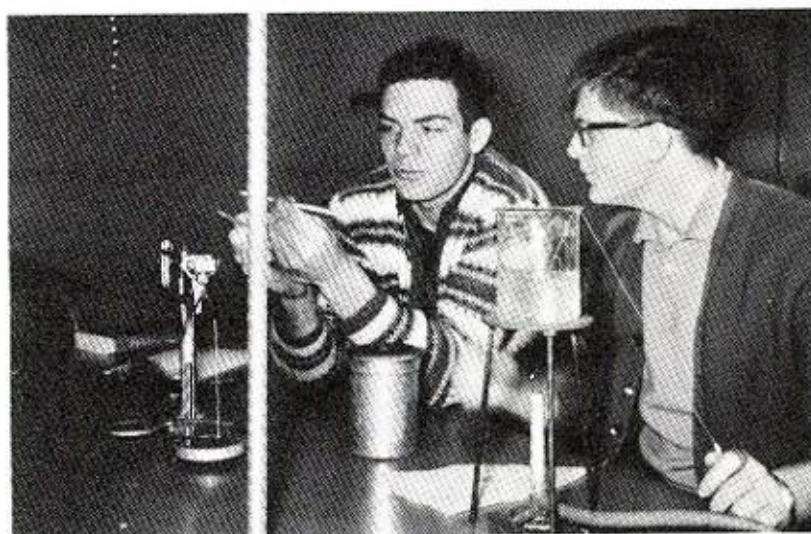

MATHEMATICS IN M.H.H.S.

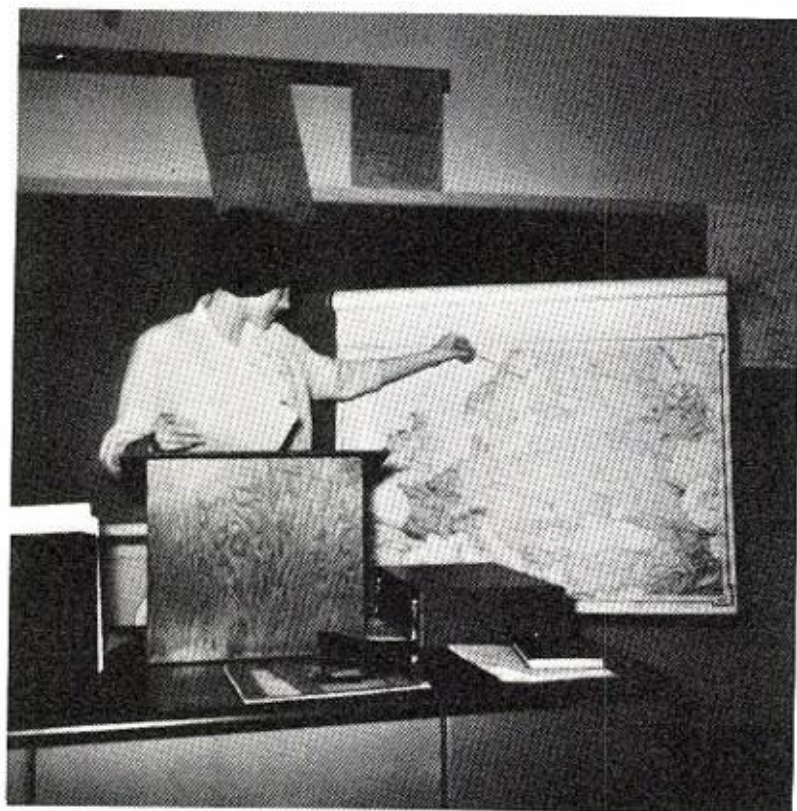

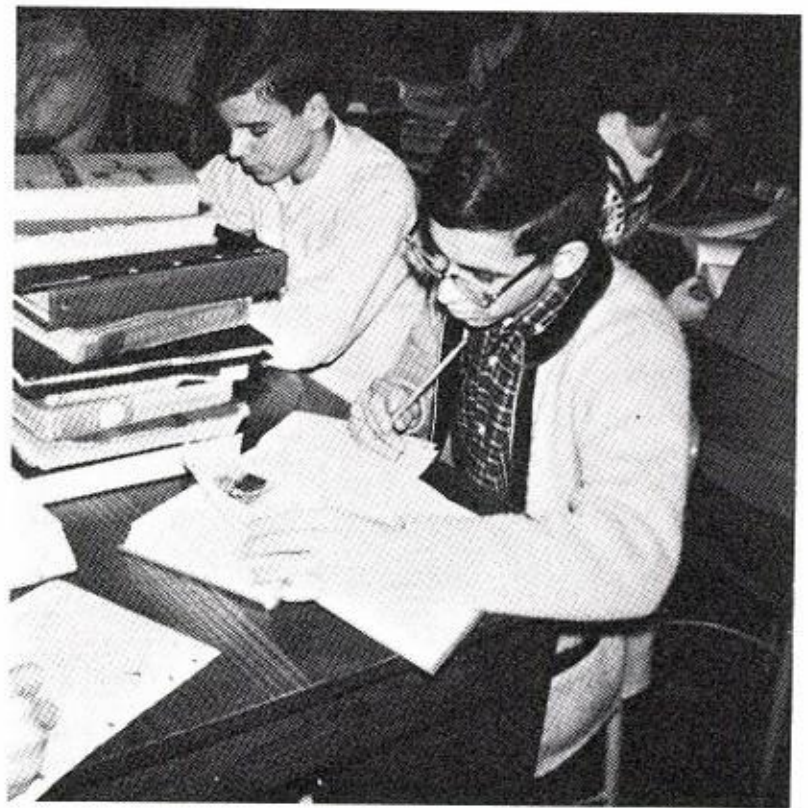

The program of mathematics in M.H.H.S. is divided into two major parts. They are the following: College Preparatory Mathematics and Non-College Mathematics. The College Preparatory courses are divided into several parts: Algebra I and II courses which give the student a basic knowledge in Algebra; Geometry I and II courses which introduce the student to Plane and Solid Geometry; Algebra III and IV or Advanced Algebra which introduce the student to irrational numbers, logarithms, and equations with several unknown numbers. The closing College Preparatory course is Advanced Mathematics I and II, which primarily deal with Trigonometry and Analytic Geometry.

The Refresher Mathematics I and II course and the General Mathematics I and II courses are the divisions for the Non-College course. Refresher Mathematics confronts the student with mathematical problems and gives them basic ideas for solving the everyday problems coming up in everyone's life.

Science

Social Studies

The purpose of our history and social science course is to prepare students for citizenship by developing an appreciation of American democratic ideals. Through these courses the student becomes aware of the blessings afforded him by living in America. These courses are offered on two tracks, terminal and college entrance.

A major in social studies consists of three units of work selected from the same group of subjects. Since American History and American Government are required for everyone, they must be part of this major or minor.

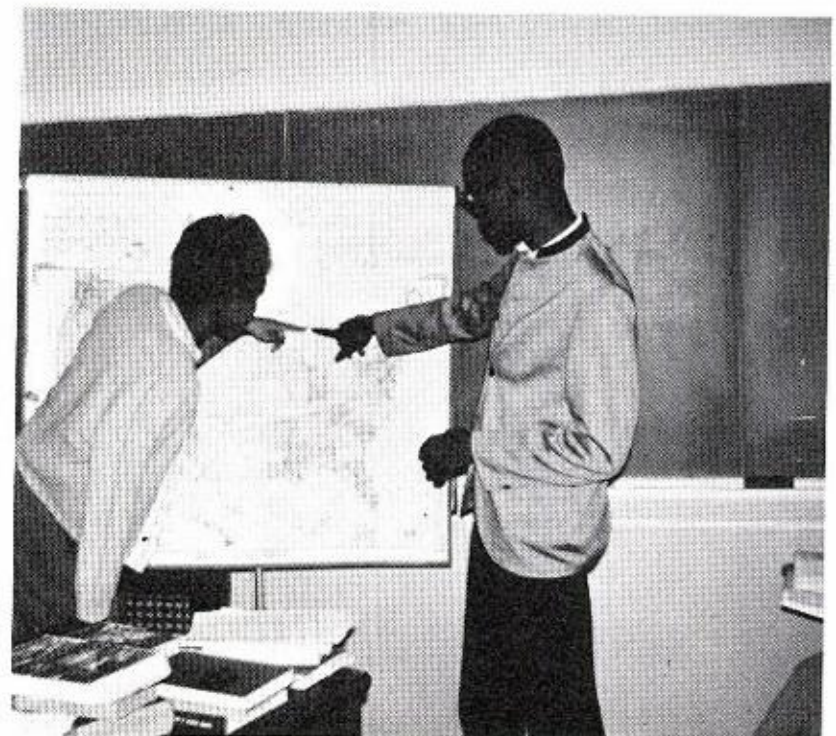

A general outline of each course is as follows:

World History is a one year course of European history beginning with the early stone age.

American History covers the history of America, from the period of exploration and colonization, with its European background, to the present day.

American Government studies the form and function of national, state, and local governments in the United States.

Economics is an elective course that deals with the present day economic conditions, their problems, and how they may be met.

"Busy", that describes the Home Economics classes at Muskegon Heights High School. The Clothing and Foods Departments have been busily working on projects, helping to build our young women of today, into tomorrow's homemakers.

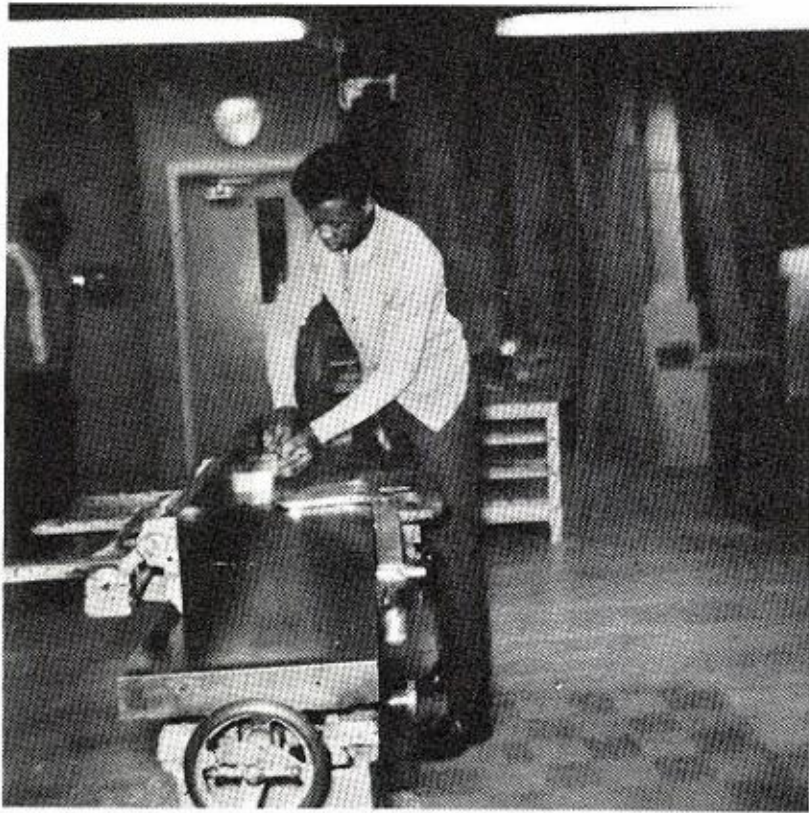

The clothing department, under the instruction of Mrs. W. Dingler, has been working with different fibers and fabrics, and demonstrating their durability by means of burning tests. Color has also been a matter of study, which helped the girls choose the materials to be used for their spring project, which is making suits and coats.

The foods department, under the instruction of Mrs. R. Harmon and Mrs. R. Tamblyn, has been studying such things as nutrition, table etiquette, and also, how to prepare a buffet luncheon. The foods classes also helped to make our Christmas Teachers Tea a success this year, by making party sandwiches.

Home Economics

Industrial Arts

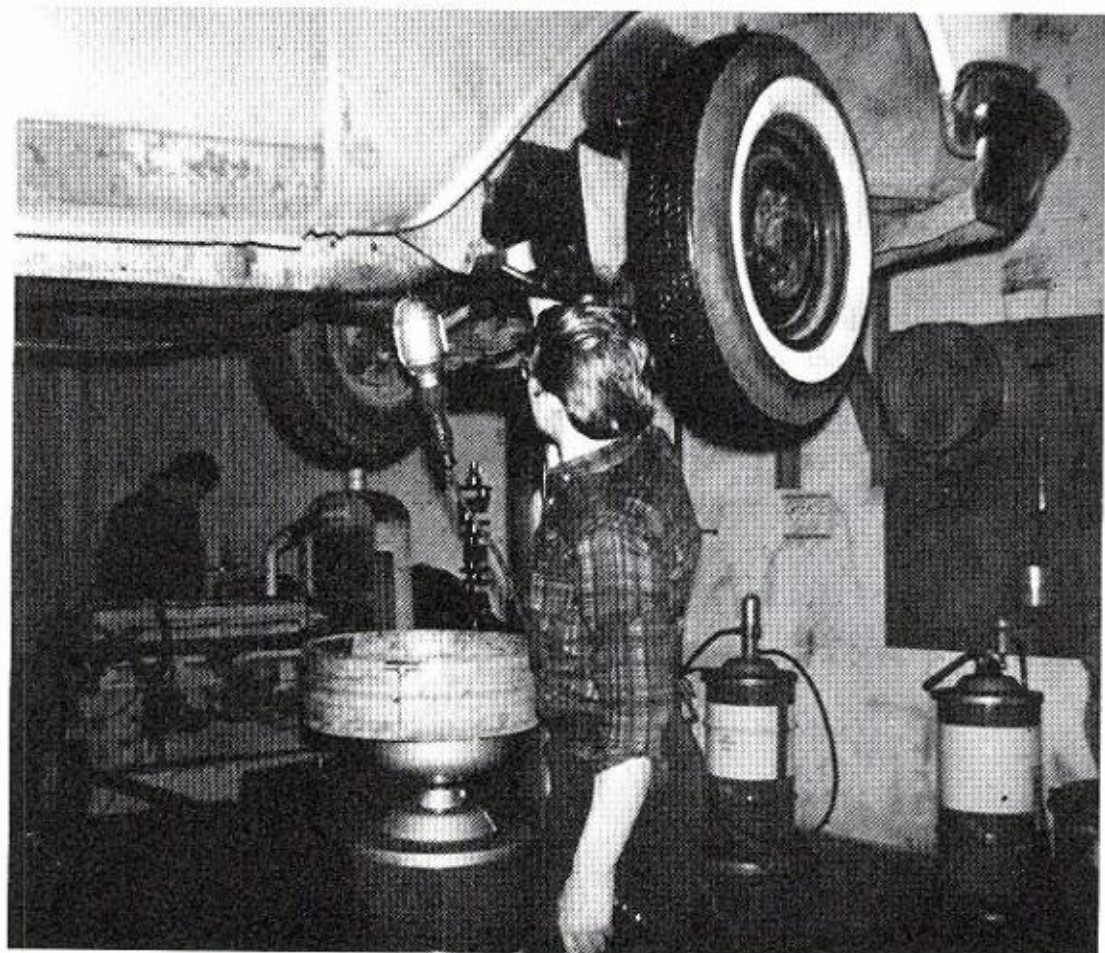

All woodworking courses are designed for three types of student interest: those who are interested in learning woodworking such as the uses and care of tools, materials, and processes relative to the woodworking without stressing skills; those who are interested in woodcraft as a hobby; and those who are interested in fundamentals of woodworking processes and materials relative to some field of woodworking industry.

Mechanical Drawing is one of the essential tools of modern industry. All boys who intend to become engineers, architects, builders, or machinists, should have as much drawing as their schedule will allow. It is the language which enables one man to communicate his ideas of the shape and construction of an object—a piece of machinery, a table, a kitchen cabinet, etc.—to another with maximum clarity and precision.

The basic goal of the course is to acquaint the student with the automobile and its parts.

The first semester is spent in studying the engine and its parts. A great deal of this is done by studying from the text book.

The second semester is spent in the study of the systems in the car, such as fuel system, cooling system, steering system, etc. As the student takes more auto mechanics, he will study major engine overhaul and in the fourth semester he will study the electric system.

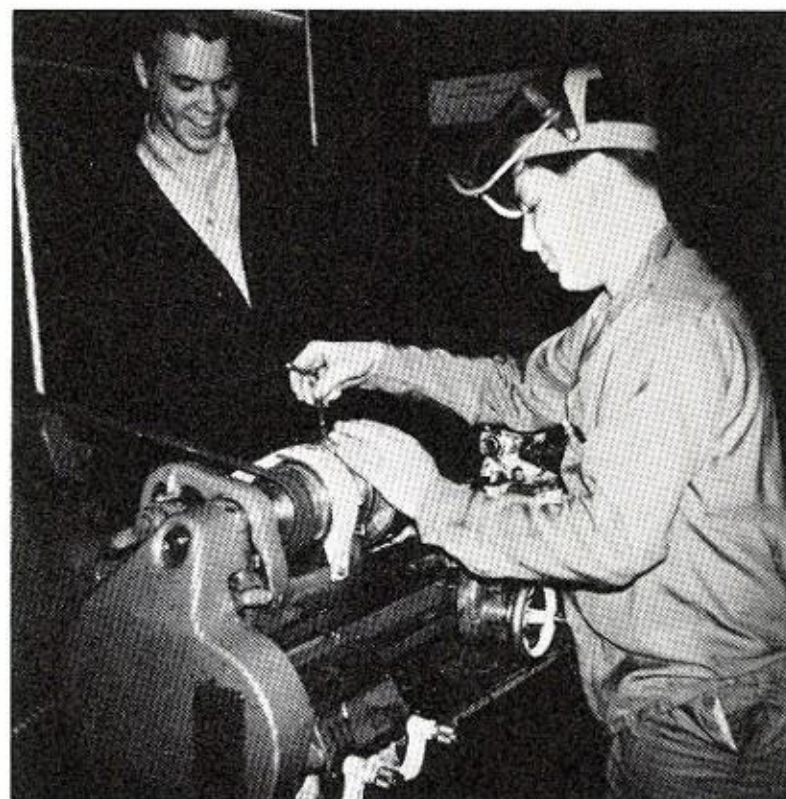

Industrial Arts

Machine Shop has proved to be a popular and worthwhile subject with many students in our high school. With the proper approach and attitude, a student can learn the how to operate basic machine tools, such as lathes, shapers, milling machines, and drill presses. He can learn the fundamentals of bench work and the use of all types of hand tools.

Machine Shop is primarily an avocational or "trade" course of study.

The beginning course in printing is centered around learning the basic fundamentals of hand composition. The primary things learned during the year are how to set and distribute type, how to take a proof, proofreading and making corrections in a type form, indentations, basic math for printers, the use of the printer's rule, using leaders, building borders around a type form, lining up numbers, and presswork of the elementary nature.

The advanced printing students are responsible for doing a good share of the printing used for our school system. Not only does it consist of setting up production jobs, but also running the jobs off on the presses in the shop.
